She has shown women how important it is to be secure in singleness by being smart, strong, and independent. In this all new book, she will prompt readers to never settle and not miss out on the beauty that can be found in times of "waiting." The Single Woman Says: "Whether you're idling in stubborn sinfulness or walking in seeming never-ending singleness or living with any sort of waiting: Waiting for love, waiting for babies, waiting for marriage, waiting for a cure, or a miracle, or a sign, or for GOD . . . I hope my journey will make the wait a little easier and the uncertainty a little bit more beautiful." Starting with relationships, but going beyond into areas like career, friendships, and life, Mandy will guide readers through what you can achieve if you look beyond your current circumstances, never settle for less than what God has for you, and find beauty in the waiting. Small wonder--the printing press, a sixteenth century disruptive device, split Christianity. Now the globe welcomes digital disruption, even praising it as a solution for faltering economies. Religions don't have much choice but to follow, because information is a prime asset of faith. Believers treasure and reframe their past, and present. However, both old and current data is now available in huge quantities, visually and instantly. Movies provide more spiritual

guidance than holy texts, and terror merchants use the uncontrollable Internet to gain hearts and minds.
