*Shots in the Dark* Sep 27 2022 'I loved every page, and ended up admiring David Kynaston, our greatest social historian, even more than I already did' Nick HornbyBrimming with wisdom and humour, David Kynaston's diaries written over one football season offer up his most personal take on social history to date.David Kynaston was seven and a half years old when he attended his first Aldershot match in the early months of 1959. So began a deep attachment to the game and a lifelong loyalty to an obscure, small-town football club. Though as he sits down to write his diaries almost sixty years on, he reflects that life might have been simpler if his father had never taken him to that first match at the Rec... Shots in the Dark is the diary David Kynaston kept in the football season of 2016/17, detailing the ups and downs of the 'Shots' in the year that saw a divisive referendum in the UK and the impending ascension of Donald Trump. Here Kynaston presents a social history of modern Britain with a difference - all through the prism of the beautiful game. A testament to the ways in which fandom gives solidity and security to our lives, particularly in these bewildering and rapidly changing times, Shots in the Dark gets to the heart of what it means to be a devoted follower of a sports team. This is a diary of the macro and the micro, as questions of loyalty, of identity, of liberalism and of nationalism all rub uncomfortably up against each other during nine charged months.

\_\_\_\_\_ 'A master socioeconomic craftsman' Guardian'[A] delightful book ... This is a book about football but, like all the best books, it is about a thousand other things as well ... This thrilling, intimate, sometimes poignant, often wonderfully funny book shows the workings in real time of a deeply civilised, humane and tolerant mind in an age when those virtues are in short supply. Here is a man with whom you would want to go to a match, and even share a beer afterwards. David Kynaston is one of the good guys, and this is one of the very good books' Daily Mail'A charming diary ... He's the sort of fan I want to sit next to: partisan yet civil, eyes on the match but aware there are bigger things to worry about' Financial Times

Deep France is the diary of a writer's year in a tiny French village, trying to meet her deadlines when a good thunderstorm could blow out the computer and there were always artichokes to pick. It's a walk in teh swashbuckling footsteps of The Three Musketeers and King Henri IV, full of funny and perceptive anecdotes about the year in which France had to face the euro, the World Cup and Le Pen's presidential campaign. *The Deep* Nov 05 2020 "A strange plague called the 'Gets is decimating humanity on a global scale. It causes people to forget--small things at first, like where they left their keys, then the not-so-small things like how to drive or the letters of the alphabet. Then their bodies forget how to function involuntarily. There is no cure. But far below the surface of the Pacific Ocean, a universal healer hailed as 'ambrosia' has been discovered. In order to study this phenomenon, a special research lab has been built eight miles under the sea's surface. When the station goes incommunicado, a brave few descend through the lightless fathoms in hopes of unraveling the mysteries lurking at those crushing depths...and perhaps to encounter an evil blacker than anything one could possibly imagine"--Page [4] of cover.

**A Man Deep in Mendip** Oct 29 2022 Harry Savory is considered by many to be the finest photographer to have taken his camera underground. The caving diaries vividly recall the hardships of early exploration, as cavers found their way through intricate systems with only candles for light. Savory's pictures show many beautiful formations that have long since been destroyed or discolored. Also included are plans of the caves and drawings Savory commissioned from his artist friend John Hassall. An informative introduction and commentary by Harry Savory's son John provide the biographical background to the diaries, and Chris Howes' preface sets Savory's work in its historical and technical contexts.

**From the Deep of the Sea** Apr 30 2020 Excerpt from *From the Deep of the Sea: Being the Diary of the Late Charles Edward Smith, Surgeon of the Whale-Ship Diana, of Hull* My late father's diary of his terrible experiences in the whale-ship Diana in 1866-67 has been in my possession for a great number of years. It was not until a ship I was surgeon of happened to go to Hull in October, 1920, that I became aware of there being some relics of the Diana in existence still, and on exhibition in two of the Hull museums. It was the sight of these relics that reawakened my interest in the story of the Diana, and which impelled me to take in hand at last my father's old manuscript with a view to editing it for publication. The curator of the Hull museums - Mr. Thomas Sheppard, F.G.S., F.R.G.S. - very kindly looked through the diary, and encouraged me in the project; I take this opportunity of thanking him for his ready assistance. An account - evidently largely drawn from my father's diary - of the Diana's fatal voyage appeared first in the *Cornhill Magazine* in 1867. This article was written by the late Captain Allan Young, commanding the "discovery ship" Pandora. His preliminary remarks in that article will serve admirably to explain here the general scheme under which the British whale-ships worked some sixty, seventy and more years ago, a scheme which the Diana was following on this particular voyage. Captain Young wrote: "Owing to the high value of whale-oil and seal-skins, and the great demand for whale-bone (which had reached the value of nearly 700 a ton), quite a fine fleet of steam and sailing vessels used to leave various English and Scottish ports for the Greenland seas. **Deep Romantic Chasm** Dec 31 2022 The eighth volume of James Lees-Milne's acclaimed diaries is unlike its predecessors, in that it shows Lees-Milne developing an overwhelming tendresse for a much younger man. As candid in writing about himself as about others, he records the doubt, happiness, guilt and other turbulence that accompany an emotion he did not expect to feel again. This is the first volume to be edited not by the diarist himself but his literary executor, the friend in question. The text deals with much else besides love and its difficulties. Lees-Milne writes the biography of his friend Harold Nicolson, sometimes in the process worsting his publisher, the formidable Norah Smallwood of Chatto & Windus. With Derek Hill (but without an importunate Bruce Chatwin) he twice visits Mount Athos, recording the delights and discomforts of a spiritual journey to the Holy Mountain. Both the man and his period are irresistibly present in these pages, as one minute he is exasperated by Labour's winter of discontent, or predicts incineration by Soviet attack, and in the next recreates the values and friendships of an earlier, gentler age. Here he is as engaging and readable as ever, mixing candour and an often malicious wit with generosity of spirit and sympathy for human frailty. As always, he writes with the sharp eye of a novelist and is amusingly observant about inconstancies of feeling and opinion, especially his own. Diffident, penetrating, thoughtful, prejudiced, not always admirable in his own self-estimation, he inspires the same affection in print as he did in life.

**Most Talkative** Sep 03 2020 The man behind the *Real Housewives* writes about his lifelong love affair with pop culture that brought him from the suburbs of St. Louis to his own television show From a young age, Andy Cohen knew one thing: He loved television. Not in the way that most kids do, but in an irrepressible, all-consuming, I-want-to-climb-inside-the-tube kind of way. And climb inside he did. Now presiding over Bravo's reality TV empire, he started out as an overly talkative pop culture obsessive, devoted to *Charlie's Angels* and *All My Children* and to his mother, who received daily letters from Andy at summer camp, usually reminding her to tape the soaps. In retrospect, it's hard to believe that everyone didn't know that Andy was gay; still, he remained in the closet until college. Finally out, he embarked on making a career out of his passion for television. The journey begins with Andy interviewing his all-time idol Susan Lucci for his college newspaper and ends with him in a job where he has a hand in creating today's celebrity icons. In the witty, no-holds-barred style of his show *Watch What Happens Live*, Andy tells tales of absurd mishaps during his ten years at CBS News, hilarious encounters with the heroes and heroines of his youth, and the real stories behind *The Real Housewives*. Dishy, funny, and full of heart, *Most Talkative* provides a one-of-a-kind glimpse into the world of television, from a fan who grew up watching the screen and is now inside it, both making shows and hosting his own.
