***A collection of architectural and landscape photographs taken by British photographer Frederick H. Evans, and features an essay that describes the life and accomplishments of Evans.***

***Time Scout Fair Seed-Time is a major re-interpretation of the historical background to the writings of George Eliot. It rejects several oft-repeated myths about the early 19th Century Midland world in which George Eliot grew up, emphasises the importance of a previously neglected character in that world, Francis Newdigate, and provides a detailed insight into the life of Eliot's father, Robert Evans. It shows how he rose socially throughout his life and how he played a significant role in the professional development of early 19th Century Land Agents. It provides detailed and carefully-argued evidence to illustrate how his life and work profoundly influenced George Eliot's novels, from which there are many quotations. The author has delved into previously unread historical diaries and many other original and previously little used sources to bring alive the rapidly changing economic and social world of the early nineteenth century in general and north Warwickshire in particular. The result will be of interest both to general and local historians of this period, those concerned with the evolution of land agency as a profession, and to all students of literature, and especially George Eliot scholars, because of the fresh insights into her work. "A sequel better than any[one] could have anticipated . . . even readers who've never heard of Evans will find this to be both entertaining and inspiring." —Publishers Weekly (starred review) In this innovative digital edition, legendary Hollywood producer Robert Evans's story is brought to life like never before. The Robert***

***Evans Collection includes the full texts of his two memoirs, the classic *The Kid Stays in the Picture* and *The Fat Lady Sang*, along with rare and exclusive video and audio clips, and never-before-seen photos and memorabilia from Evans's personal collection. *The Annoying Ghost Kid* is a funny story about Corky, a ten year old boy, who is tormented by Duke, a younger boy who happens to be a ghost. Duke loves to play practical jokes on Corky. It's like having a pesky little brother with special powers. The fun begins when Corky, and his friend Jill, are challenged to find imaginative ways to stop the ghost kid's tricks! In the beginning, the ghost kid clearly has the advantage, but eventually, Corky and Jill finally figure out how to turn things around on their transparent tormenter. Then, it's back and forth, and the pranks get funnier and funnier as the supernatural nuisance goes head to head with two increasingly clever kids. *The Forest Monster of Oz* *The Oz Books 18* by Robert J. Evans What does it mean to be an expert? In *Rethinking Expertise*, Harry Collins and Robert Evans offer a radical new perspective on the role of expertise in the practice of science and the public evaluation of technology. Collins and Evans present a *Periodic Table of Expertises* based on the idea of tacit knowledge—knowledge that we have but cannot explain. They then look at how some expertises are used to judge others, how laypeople judge between experts, and how credentials are used to evaluate them. Throughout, Collins and Evans ask an important question: how can the public make use of***

***science and technology before there is consensus in the scientific community? This book has wide implications for public policy and for those who seek to understand science and benefit from it. "Starts to lay the groundwork for solving a critical problem—how to restore the force of technical scientific information in public controversies, without importing disguised political agendas."—Nature "A rich and detailed 'periodic table' of expertise . . . full of case studies, anecdotes and intriguing experiments."—Times Higher Education Supplement (UK) In the late 1980s a generation of filmmakers began to flower outside the Hollywood studio system and in the following decade, the independent film movement bloomed. Dozens of lesser-known filmmakers such as Steven Soderbergh and Quentin Tarantino began walking away with coveted prizes at Cannes and eventually the Academy Awards. Many of these directors were discovered at Robert Redford's Sundance Film Festival and then scooped up by Harvey and Bob Weinstein, whose company Miramax laid waste to the competition. In Down and Dirty Pictures, Peter Biskind tells the incredible story of these filmmakers, the growth of Sundance into the premier showcase of independent film, and the meteoric rise of the controversial Weinstein brothers who left a trail of carnage in their wake yet created an Oscar factory that is the envy of the studios. The author recalls his tenure at Paramount Pictures during a tumultuous time when the studio produced such films as "The Godfather,"***

***"Chinatown," and "True Grit" but was also plagued by drugs, the mafia, and runaway budgets. "The kid stays in the picture traces the meteoric rise, fall, and rise again of legendary Hollywood producer Robert Evans. Adapted from Mr. Evans' tell-all autobiography, the movie takes the audience on an intimate journey into the mind of this Hollywood legend." [box cover note]. Explains how to make realistic drawings of the arms, legs, feet, hands, and other parts of the human body 'A General History of the Pyrates' is a captivating account of some of history's most notorious pirates. The author, writing as Captain Charles Johnson, blends fiction and non-fiction to provide readers with a most entertaining version of these iconic heroes and villains. This book was a massive success upon its first release due to its adventurous stories filled with danger and treasure and its influence lives on to this day as it shaped the modern view of pirates. Some of the best accounts in the book are of the infamous Blackbeard and the trailblazing female pirates Anne Bonny and Mary Read. 'A General History of the Pyrates' is the definitive story of the golden age of piracy and should be read by fans of books such as 'Treasure Island' and movies such as 'Pirates of the Caribbean'. Daniel Defoe (1660 - 1731) is one of the most important authors in the English language. Defoe was one of the original English novelists and greatly helped to popularise the form. Defoe was highly prolific and is believed to have written over 300 works ranging from novels to political pamphlets. He was highly celebrated but also***

***controversial as his writings influenced politicians but also led to Defoe being imprisoned. Defoe's novels have been translated into many languages and are still read across the globe to this day. Some of his most famous books include 'Moll Flanders' and 'Robinson Crusoe' which was adapted into a movie starring Pierce Brosnan and Damian Lewis in 1997. Defoe's influence on English novels cannot be understated and his legacy lives on to this day. In 1967, Peter Bart, then a young family man and rising reporter for the New York Times, decided to upend his life and enter the dizzying world of motion pictures. Infamous Players is the story of Bart's whirlwind journey at Paramount, his role in its triumphs and failures, and how a new kind of filmmaking emerged during that time. When Bart was lured to Paramount by his friend and fellow newcomer, the legendary Robert Evans, the studio was languishing, its slate riddled with movies that were out of touch with the dynamic sixties. By the time Bart left Paramount, in 1975, the studio had completed a remarkable run, with films such as The Godfather, Rosemary's Baby, Harold and Maude, Love Story, Chinatown, Paper Moon, and True Grit. But this new golden era at Paramount was also fraught with chaos and company turmoil. Drugs, sex, runaway budgets, management infighting, and even the Mafia found their way onto the back lot, making Paramount surely one of the most unpredictable, even bizarre, studios in the history of the movie industry. Bart reflects on Paramount's New Hollywood era with behind-the-scenes details***

*and insightful analysis; here too are his fascinating recollections of the icons from that time: Warren Beatty, Steve McQueen, Robert Redford, Clint Eastwood, Jack Nicholson, Marlon Brando, Al Pacino, Francis Ford Coppola, Roman Polanski, and Frank Sinatra, among others. For over four decades, first on the inside as a studio executive and later as the longtime editor in chief of Variety, Peter Bart has viewed Hollywood from an incomparable vantage point. The stories he tells and the lessons we learn from Infamous Players are essential for anyone who loves movies. Excerpt: "Good riddance, I say!" spoke Nibbles. "That big old thing was ugly! And it smelled awful!" "Where's Fisher?" asked Elephant. "I think the thingy ate her up after all." "I sure hope not!" "I'm fine," came the feline meow. "Is that beast gone away yet?" "It has," answered the pachyderm. Oddly, neither Nibbles nor Tweaty felt the slightest tinge of fear at the sight of the cat. In Oz, natural enemies oftentimes become the dearest of friends. Indeed, Oz is a truly remarkable land! "I think I saw all nine of my lives flash before me that time!" said the cat. "What in the heck was that thing that had me?" We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many*

***decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience. Abducted to Oz***  
***The Oz Books 16***  
***by Robert J. Evans***  
***The giant spider from The Wonderful Wizard of Oz was thought to be dead after the Cowardly Lion knocked his head off. But now he's very much alive and he has come to the Luncheon Forest of Oz, where he is sucking the life energy from all of the animals there. In this manner, he is increasing his own power. This book is not your average Oz story. It certainly captures the whimsical style of L. Frank Baum and faithfully retains his main characters, however, while the author introduces many new characters he also weaves into the story a most interesting but perhaps controversial philosophy. We feel that Baum might have said some of these things in his time had he dared. (After all, he was a Theosophist), but because of the times he lived in he had to bring his beliefs through in a very subtle way. Having said that, we do think that the spiritual lessons given by this author, although much more obvious in their intent, could be very helpful to a young person just beginning to formulate his or her values. In fact, we venture to say that if children everywhere were to***

***adopt just a few these principles, they would find themselves, as adults, in a vastly improved world, one that would be relatively free of violence (both in the media, and in reality), and perhaps more importantly, free of intolerance. A world where a new sense of honesty would exist -- not only in individual citizens, but in corporate America, and in politics. (An Oz-like reality on earth?) The story itself takes place prior to Dorothy's moving to Oz permanently. Still back in Kansas our heroine is reminiscing on Oz when she begins to feel faint. She is caught up in a terrible vortex not unlike the original twister that first transported her to Oz when she suddenly finds back once more in that magical kingdom. Upon being reunited with her charming old friends the Cowardly Lion, the Scarecrow, and the Tin Woodman, Dorothy soon learns of yet another Wicked Witch, the Wicked Witch of the Deep South, who spends a good deal of her time in a fascinating place called Negativethoughtland where cruel or evil thoughts take on tangible physical form. The Fabulous Four embark on a quest to stop the evil Witch from filling Oz with these repugnant forms and to bring back the beauty and happiness that we all associate with Baum's delightful fairyland. Along the way, we are treated to encounters with various new residents of Oz such as the Fuzzy Yellow Woggle Bugs, not to mention several strange creatures with names like Ticklemonsters, Girrephalumps, and Octapong.... During the journey there is a beautiful sojourn with a community of American Indians, as well as a***

*meeting of the minds with members of a unique club consisting entirely of United States presidents. (Topics covered range from George Washington's economic system to the importance of education, and of treating one another with respect and dignity.) During the good natured bantering between themselves some of the presidents provide interesting historical information on their lives. Another chapter is devoted to an important meeting with UFO people who represent an extremely advanced civilization. They make some remarkable revelations and speak with great wisdom, but since the dialogue is extensive, younger children could safely skip most of this without losing any of the story.) Following is a brief quotation from this segment to give you some idea of its content: "...You see, beloved friends, it is much easier for you to doubt your abilities, your powers, than it is to try to realize the potentials that lie within you. Accept your challenges of today. Cope with them and be not concerned for the future ... Each of you has tasks before you that you will perform and, if you will allow yourself to flow with the tide, you shall find that these things will come to you in proper sequence. There is a constant flow of energy around your planet. The entire cosmos is energy. We, too, are energy. Swim in it! Feel yourself as a pulsating, living part of the universal energy; feel yourself to be in tune with this energy - to be flowing along with it, in harmony with it. If you become disturbed or distressed, you have stepped out of the flow. If you go against your conscience, you will go against*

*the flow and be p When a group of teenagers arrives for a summer leadership program on board a sailing ship, the teens do not expect the counselors to bail out and the leader of the program to commit suicide, leaving them in command without money or supplies, needing to figure out how to survive on their own. Based on hundreds of interviews with directors such as Coppola, Scorsese, Hopper and Spielberg, as well as producers, stars, studio executives, writers, spouses, ex-spouses, and girlfriends, this is the story of the crazy world that the directors ruled. Provides an overview of the current supply and demand for power resources and how the country's dependence on fossil fuels can be modified towards more sustainable resources for the future. A celebration of the brave, drunken pioneers who built our civilization one seemingly bad decision at a time, A Brief History of Vice explores a side of the past that mainstream history books prefer to hide. History has never been more fun—or more intoxicating. Guns, germs, and steel might have transformed us from hunter-gatherers into modern man, but booze, sex, trash talk, and tripping built our civilization. Cracked editor Robert Evans brings his signature dogged research and lively insight to uncover the many and magnificent ways vice has influenced history, from the prostitute-turned-empress who scored a major victory for women's rights to the beer that helped create—and destroy—South America's first empire. And Evans goes deeper than simply writing about ancient debauchery; he recreates some of history's most*

**enjoyable (and most painful) vices and includes guides so you can follow along at home. You'll learn how to: • Trip like a Greek philosopher. • Rave like your Stone Age ancestors. • Get drunk like a Sumerian. • Smoke a nose pipe like a pre-Columbian Native American. "Mixing science, humor, and grossly irresponsible self-experimentation, Evans paints a vivid picture of how bad habits built the world we know and**

**love."—David Wong, author of John Dies at the End**  
**Are you ready to get off of the diet roller coaster and clear out your closet full of exercise gimmicks? "Wave Your Fat Goodbye - The Ultimate Weight Loss Handbook" is your secret recipe for making lifestyle changes that will last. Obesity is the fastest growing and one of the most dangerous epidemics in America. This book will put the power and knowledge in your hands to overcome the pitfalls and challenges that continually trap you on your weight loss journey. This simple and effective plan will teach you how to take command over your "fork in the mouth" compulsions. You'll learn how to make healthy decisions and easily control your portion sizes without starving yourself. So get ready to celebrate a new start by living the healthier life that God has planned for you and send your fat packing today! 'A multifaceted dissection of the infamous noir film ... good reading for any American cinema buff' KirkusChinatown is the Holy Grail of 1970s cinema. Its ending is the most notorious in American film and its closing line of dialogue the most haunting. Here for the first time is the**

***incredible true story of its making. In Sam Wasson's telling, it becomes the defining story of its most colorful characters. Here is Jack Nicholson at the height of his powers, embarking on his great, doomed love affair with Anjelica Huston. Here is director Roman Polanski, both predator and prey, haunted by the savage murder of his wife, returning to Los Angeles, where the seeds of his own self-destruction are quickly planted. Here is the fevered deal-making of "The Kid" Robert Evans, the most consummate of producers. Here too is Robert Towne's fabled script, widely considered the greatest original screenplay ever written. Wasson for the first time peels off layers of myth to provide the true account of its creation. Looming over the story of this classic movie is the imminent eclipse of the '70s filmmaker-friendly studios as they gave way to the corporate Hollywood we know today. A longtime industry insider and acclaimed Hollywood historian goes behind the scenes to tell the stories of 15 of the most spectacular movie megaflops of the past 50 years, such as Cleopatra, The Cotton Club, and Waterworld. He recounts, in every gory detail, how enormous hubris, unbridled ambition, artistic hauteur, and bad business sense on the parts of Tinsel Town wheeler-dealers and superstars such as Elizabeth Taylor, Clint Eastwood, and Francis Ford Coppola, conspired to engender some of the worst films ever. From the legendary producer and author of The Kid Stays in the Picture—one of the greatest Hollywood memoirs ever written—comes a long-awaited second work***

***with all the elements of a star-studded blockbuster: glamour and conflict, giddy highs and near-fatal lows, struggle and perseverance, tragedy and triumph. The autobiography of Robert Evans, producer of 'The Godfather', 'Rosemary's Baby' and 'Love Story', and whose life story reads like a decadent, insider's Who's Who of Hollywood. He spent his earliest years in post-World War Two refugee camps. He came to America and grew up in Cleveland - stealing cars, rolling drinks, battling priests, nearly going to jail. He became the screenwriter of the world-wide hits Basic Instinct, Jagged Edge and Flashdance. He also wrote the legendary disasters Showgirls and Jade. The rebellion never ended, even as his films went on to gross more than a billion dollars at the box office and he became the most famous - or infamous - screenwriter in Hollywood. Acclaimed by musicologists and illustrated with dozens of photographs, a detailed, painstakingly researched and finely written biography examines the life and music of the influential, classically trained jazz pianist Bill Evans and includes a full discography of his recordings. UP. Red-hot Hollywood director Brett Ratner (Rush Hour I and II, Red Dragon and the forthcoming Superman), lives in Ingrid Bergam's old Hillhaven Lodge, where he houses his old-fashioned b/w photo booth. Into this booth Ratner has enticed a cornucopia of white-hot celebrities, personalities and legends, all of whom voluntarily vogued, posed and made silly faces without the help of stylists and makeup artist. The***

***result is a hilarious and revealing look at such people as Michael Jackson, Britney Spears, Liv Tyler, Colin Farrell, Mariah Carey, Edward Norton and Salma Hayek and more. What will the fracturing of the United States look like? After the Revolution is an edge-of-your-seat answer to that question. In the year 2070, twenty years after a civil war and societal collapse of the "old" United States, extremist militias battle in the crumbling Republic of Texas. As the violence spreads like wildfire and threatens the Free City of Austin, three unlikely allies will have to work together in an act of resistance to stop the advance of the forces of the white Christian ethnostate known as the "Heavenly Kingdom." Our three protagonists include Manny, a fixer that shuttles journalists in and out of war zones and provides footage for outside news agencies. Sasha is a teenage woman that joins the Heavenly Kingdom before she discovers the ugly truths behind their movement. Finally, we have Roland: A US Army vet kitted out with cyberware (including blood that heals major trauma wounds and a brain that can handle enough LSD to kill an elephant), tormented by broken memories, and 12,000 career kills under his belt. In the not-so-distant world Evans conjures we find advanced technology, a gender expansive culture, and a roving Burning Man-like city fueled by hedonistic excess. This powerful debut novel from Robert Evans is based on his investigative reporting from international conflict zones and on increasingly polarized domestic struggles. It is a vision of our***

***very possible future. The fascinating rise, fall and rise again of legendary producer Robert Evans. This is one life story you'll never forget: a kid actor in New York on radio plays...popularizing "women in pants" at Evan-Picone...being discovered poolside at the Beverly Hills Hotel by Norma Shearer...becoming the first actor to ever run a motion picture studio...reviving the moribund Paramount Pictures...overseeing production of Love Story, The Godfather, Chinatown, Rosemary's Baby, The Odd Couple...marriage to golden girl Ali McGraw and birth of son Joshua...long friendships with Nicholson, Beatty and Hoffman...disgrace and drugs...the Cotton Club scandal...self-commitment and escape from a mental institution...and an eventual triumphant return to the catbird seat. An extraordinary raconteur, Evans spares no one, least of all himself, on this legendary no-holds-barred Hollywood journey. The Kid Stays in the Picture is now a major motion picture. Adapted from this autobiography, the documentary is narrated by Mr. Evans in his distinctive voice and trademark staccato delivery. This incredible story is brought to life using visual effects, archival footage, clips from classic films and 35mm photography. The film premiered at the Sundance Film Festival and was released nationally to wide acclaim in 2002. A celebration of the brave, drunken pioneers who built our civilization one seemingly bad decision at a time, A Brief History of Vice explores a side of the past that mainstream history books prefer to hide. History has never been more fun—or more***

***intoxicating. Guns, germs, and steel might have transformed us from hunter-gatherers into modern man, but booze, sex, trash talk, and tripping built our civilization.
